Rudiger - Johnson Vows Exchanged

LAC LA BICHE.—At 9:30 a.m. Monday, Feb. 14, Miss Madeleine Johnston and Robert Rudiger were joined in marriage in the St. Catherine's Catholic Church in Lac la Biche. Rev. Father McGrane officiating.

The bride is the daughter of Mr. and Mrs. Leonard Johnston, and the groom is the son of Mr. and Mrs. Louis Rudiger, all of Lac la Biche. J. Bouvier gave the bride away.

Bridesmaids were Miss Emma Johnston, sister of the bride, and Miss Annette Rudiger, sister of the groom. Best men were Rudolph Johnston and Joe Bouvier. Mrs. C. Hamel and Miss Yvonne Langevin sang for the Nuptial Mass.

The bride wore a floor length dress with net over satin and lily point sleeved bodice. The chapel length veil was held in place by a crown decorated with pearls and diamonds.

She carried a bouquet of American beauty roses.

After the wedding ceremony, Mrs. Pauline Shulko served the young couple their wedding breakfast in her home.

The dinner and buffet supper was at the home of the groom. About 88 guests were present.

A lovely three-tiered wedding cake centred the bride's table, and the rooms were decorated with pastel streamers.

Relatives of the groom present at the wedding were: Mrs. Leon Davio, Legal, grandmother of the groom; Mr. and Mrs. Louis Garneau and son of Edmonton, Mr. and Mrs. Gerald Rudiger of Westlock, Mr. and Mrs. Otto Rudiger of Cutknife, Sask., and Mr. and Mrs. James Rudiger, also of Cutknife, Sask.

The mother of the bride was gowned in a navy dress. The mother of the groom wore a tan dress. Both wore rose corsages.

The bride received a wide variety of lovely gifts.

The newly-weds will make their home in Lac la Biche.

Vaccinate All Northern Dogs As Rabies Preventive

Vaccination of all dogs north of Lac la Biche on the McMurray line of the Northern Alberta Railways against rabies started Feb. 14, as the final stage of the 1954-55 winter program.

Under the direction of Sydney Lore, district agriculturist at Lac la Biche, and with the co-operation of RCMP and forestry officials, all residents in the northern area will bring their dogs to central points during the six to eight-day vaccination program.

The vaccination is undertaken by the Government of Canada Health of Animals Branch, with the Alberta Government handling organization. During the program, veterinarians will travel on N.A.R. speeder, visiting isolated settlements and Indian camps.

The initial vaccination program, completed in the Athabasca, Peace River, and Mackenzie Highway districts during November and December, has proven to be the most successful in the three-year campaign, with more than 7,500 hogs vaccinated. The Lac la Biche-McMurray program will complete the vaccination of all dogs in Alberta north of the 55th parallel.

Caslan

The community heard with regret that Mr. Woyrnarwich will discontinue showing films at the Caslan school Monday evenings.

Sympathy is extended to Mr. and Mrs. Albert Mercier on the death of their baby.

PLAMONDON. — An interesting Canasta Tournament was held at Waterways between the Plamondons. Bert, Philip, Elmer and their wives went to visit Mr. and Mrs. Edmond Plamondon and held a 26 game tournament that lasted for one week.

Philip won for the men and Mrs. Edmond Plamondon won for the ladies. The lowest count was by Mrs. Philip Plamondon.

Factory profits rose 13 per cent during second quarter.

To Survey Safety Needs Of Towns, Rural Areas

At an alarming rate the road death toll rises in Alberta. On Saturday, the collision of two cars proved fatal for Gerald George, a 20-year-old youth of Stony Plain, and on Sunday, more than a dozen people were injured in and near Calgary in various traffic incidents. Other fatal victims on provincial roads were Mrs. Gordon Pettigrew of Millet and Ralph Hoefling, 35, of Edmonton.

In an effort to combat this tragic waste of life, the Alberta Safety Council has launched a comprehensive survey to determine the safety needs of the province's towns and rural centres.

Officials say municipal authorities, Chamber of Commerce and Boards of Trade and various other groups will be contacted to ascertain the nature of the safety problems in their respective communities.

Last year 84 per cent of the fatalities in motor accidents occurred on rural roads. Furthermore, 60 per cent of the injuries last year were on highways outside urban centres.

Costs Of Raising Mink Will Be Higher This Year

The mink mating season is just around the corner. This year the mating season is of greater significance than usual because so much depends on the quality and types of production.

For one thing, costs of raising mink will likely be higher, warns Robert W. Gilles, Alberta's Fur Farm Supervisor. Feed in Alberta may be higher, for the supplies of horse meat decrease yearly and fish from northern lakes appears to be less plentiful. When such a situation exists there is always a tendency to cut corners in feeding; experience has shown that this is the worst way to deal with the problem.

The successful ranchers keeps abreast of the times in the matter of types; he pays close attention to genetics, to diets, to sanitation, and other ranch practices; he selects breeding stock rigidly to color, quality and size.

Mr. Gillies has a word of warning to mink breeders, though. Mutations are the rage of the hour, he says, but he urges breeders not to forget or eliminate the Standard Mink. It is the foundation of the basic herd, and it's still a profitable animal to raise.

Even at this date it is not too late to do a lot of heavy thinking about the crop seeding plan for 1955, and to make modifications if necessary.

Senator Hurtubise Called By Death

Senator Joseph-Raoul Hurtubise, uncle of Mrs. Ira McKenzie, died at Ottawa Monday night after a long illness. He was 72.

The Senator had been a member of the Upper House since 1945.

Previously he had served 15 years in the Commons as Liberal member for Nipissing.

TURNING ON OF CALGARY POWER WELCOMED BY RESIDENTS OF BOYLE

The turning on of Calgary Power changing of the line was the many in Boyle on Feb. 22 brought to completion the operations of Farm system within the town. Many of Electric Services Ltd., subsidiary the town lines were not up to the company of the parent Calgary Power Co. Ltd. Many difficulties which had been encountered within the past few months have been overcome and the much anticipated day arrived. The steady supply of power surging through the lines will mean the end of bothersome changes in voltage, and the convenience of adding more electrical appliances in homes and business establishments.

Calgary Power official R. B. Caruthers, in explaining the problems encountered for this week's Boyle Beacon, expressed his appreciation for the co-operation and understanding shown by the town council and inhabitants of Boyle.

One of the main difficulties encountered in building the 66,000-volt high voltage line from Thorhild to Boyle was the installation of poles in muskeg areas. This operation had to be delayed until the muskeg was frozen sufficiently to carry line laying equipment. In these areas, holes for line poles were dug until solid earth was encountered. Wherever this was impossible, special bases of rock were provided and poles were braced with guy wires.

Another major delay in the final

Skinner's Dream Coming True

I may not be permitted to make my dream a reality, but I hope to live to witness the achievement.

One thing I have in mind is a transformation of the old Rochfort Hotel building.

Another thing I have in mind is Rochfort Bridge, as a popular trading centre.

I was warned against the venture. People kept telling me that "Rochfort Bridge is on the skids," and "the old hotel has seen its best days."

The swan song of these crepe hangers served to spur me on to greater effort.

My dream is steadily taking form. People who had ceased trading at Rochfort Bridge are returning, and people are now coming to Rochfort to trade who never came before.

And in spite of the fact that the building is on the quiet side of the street, that steps have to be climbed to enter, the store, bright and cheerful inside, is steadily growing in favor.

What was my dream for the store? A meeting place for thrifty buyers; a store where there would be no worries on the part of the

storekeeper or the customers over unpaid store bills; a place where customers and management would sit by the desk to talk over ways and means of solving their respective problems; a place where customers and management work together to build up and maintain a business where the dollar buys more. Our customers tell us this dream has become a reality.

My dream included the means by which this dream would be realized: A playground for smaller children; a play pen and swing in the store for babies; desk space where letters could be answered; a small but attractively furnished coffee counter where light refreshments would always be available, and the whole institution owned and operated by a married couple with the qualifications that make for success and who would take a delight in serving their fellow men as has been the aim of this business from the beginning.

The couple who buy this business will have to meet the specifications. My store is not just another business; it is an institution.

"Misconduct Guards" Are Back At Fort

EDMONTON (BUP). — Three guards released last month from duty at the Fort Saskatchewan Provincial Jail have now been reinstated.

The announcement was made today by Alberta Attorney-General Lucien Maynard. The guards were released for alleged "misconduct."

Maynard said the guards, including Chief Guard K. H. Thomas, have been reinstated in their jobs. Thomas, he said, has been reinstated as chief guard.

The other guards dismissed and reinstated were Alex Kennedy and W. B. Bilton.

Following dismissal, Thomas said he was not satisfied with the reasons given for his dismissal. He saw Deputy Attorney-General H. J. Wilson, and the case was then reviewed by Attorney General Maynard.

A jail disturbance broke out January 19 when 12 prisoners started a "rumpus" during the midday meal. They broke into a store-room and started a fire, causing from \$6,000 to 7,000 damage.

The Attorney-General said he has received reports, but is seeking further information before taking action. He added no charges have been laid against any of the prisoners.

Day Adds Two To Road Death Toll

EDMONTON (BUP). — Police report that two Alberta residents died in accidents Feb. 8.

Alexander Schur, an elderly resident of the Provincial Welfare Centre at Gunn northwest of Edmonton was fatally injured last night when he was knocked down by a truck. Witnesses said Schur appeared to stagger in front of the truck. The driver was identified as Martin Wilson of Rochfort Bridge.

Near Stettler Neil McCorkindale apparently suffered a heart attack while driving. The car in which the 67-year-old Stettler man and

his wife were riding went out of control, collided with a truck and went into the ditch.

Mrs. McCorkindale and the driver of the truck were injured.

Recommend Increased Farm Research Grants

EDMONTON (BUP). — The Prairie Regional Committee of the National Research Council has recommended an increase in grants to Western Universities for agricultural research.

The committee decided at a meeting in Edmonton that the grants should be boosted by \$9,000 over last year to a total of \$64,000. There will be 29 separate grants.

More than 100 Canadian agricultural scientists are attending meetings of four sub-committees of the Prairie Regional group. The sub-committees started consideration today of animal nutrition, plant diseases, plant breeding and grain research.

Teachers Oppose Training Act

CALGARY (BUP). — The Calgary Branch of the Alberta Teachers' Alliance has registered strong opposition to the Emergency Teacher Training Act.

At a meeting last week, ATA President Frank Edwards said that the placing of teachers trained under the Act has not been restricted to rural one-room schools, as the Government promised. He said that out of 134 students who took the six-week course, 109 had been given jobs and 40 had been placed in centralized schools.

The Director of Guidance and Junior High Schools in Calgary, H. E. Parabaker, said the course had "come out of a failure on the part of the Government and people to discern the true value of teaching as a profession."

Delegates heard that the quality and quantity of rural teacherages are likely to be improved soon because local school boards can become limited liability corporations and get loans under the National Housing Act.

Miss Coffee Break Of '55

EDMONTON (BUP). — Alberta government workers are preparing to select the province's Miss Civil Service of 1955 in a contest which will be held this spring.

The Civil Service Association in Edmonton is sponsoring the contest, and various government departments are now selecting candidates before the deadline Feb. 28.

Each contestant in the Miss Civil Service event will receive a gift. The winner will be the Civil Service representative at all conventions and other functions for one year.

South Edmonton Creamery Wins Silver Trophy

New honors went last week to the South Edmonton Creameries Ltd., when results of the 1954 Dairy Plant and Product Competitions were announced in Calgary. The occasion was the annual convention of Alberta Dairy Association.

The South Edmonton Creamery received a silver trophy donated by the Royal Bank of Canada to the creamery securing the highest percentage of butter scoring points during the 1954 federal grading year. The creamery also placed

60 Days Jail For Attacking Boy

EDMONTON (BUP). — An Edmonton man lost 60 days freedom in police court on a charge of attacking a 14-year-old boy.

The boy, Ronnie Reydal, told police two men dragged him from a city skating rink and attacked him. Witnesses said he was found in an "unconscious condition" outside the rink.

Police arrested Leslie Lee soon after the incident, but still are searching for the other man involved in the assault.

Promoting Better Agriculture IN ALBERTA

This is the purpose of the Alberta Department of Agriculture. The work of the department embraces all phases of farm living.

The 4-H Club movement is actively encouraged among farm boys and girls. Schools of Agriculture offer practical training for young farm people. Highly trained personnel are ready to help farmers and their wives in solving their problems and improving their methods. And, finally, Alberta's Master Farm Family program and the Agricultural Hall of Fame honor those making outstanding contributions to agriculture and their communities.

In addition to supervisors and technicians at headquarters, the department maintains a staff of 47 district agriculturists and 16 district home economists working out of 42 centres throughout the Province. These men and women bring the latest scientific knowledge of farming and farm management and of home-making directly into the home. Every year they hold thousands of public meetings and office interviews, and stand ready at all times to advise and assist farm men and women in every possible way.

In addition to this, district agriculturists direct the 4-H Club program in their districts. This young people's program is increasing in interest and importance all over Alberta. By participating in various 4-H Club projects, the farm boy and girl learn by doing. The purpose of the program is to encourage and assist farm young people not only to appreciate better farming and home-making methods, but to become better citizens and active leaders in their communities.

The department maintains Schools of Agriculture at Olds, Vermilion and Fairview. Here again the purpose is to encourage young people to make farming their vocation, and those who complete the courses return to their homes with a practical knowledge of how to make the best of their opportunities in agriculture.

Minimum entrance age to one of the three schools is sixteen years and applicants should have at least Grade VIII standing. Regular courses in both agriculture and home economics extend through two terms lasting from October to early April.

The three schools can accommodate about 500 students. All young people taking the courses benefit from the experience and training gained, and many of those who have graduated now occupy important positions in public service and municipal government.

Established in 1919, Alberta's Master Farm Family program has a two-fold objective: to give official recognition to families who have made an outstanding success of farming, family relationships and community living, and also to inspire others to follow the example of those who have earned the award. There is no doubt that the Master Farm Family program has given impetus to "Good Farming—Right Living—Clear Thinking" in this Province.

The highest honor which the Department of Agriculture can bestow upon a farmer is to name him to the Agricultural Hall of Fame. So far five Albertans have gained this great distinction. The achievements of those so honored will be remembered for all time.

Uncle CHARLEY'S 'Epigrams'

Many a little shaver puts your nerves on edge.

Ain't it funny how the wets try to soak the dries?

Ain't it sad the way that some folks try to be funny?

If you fish for compliments don't be surprised at what you catch.

When a gal is a dream she never gets much sleep.

Most swelled heads contain little minds.

The difference between communism and democracy is; Plenty.

A good time to ask her father for her hand is when he has his shoes off.

Most gossips do everything the HEARD way.

Every gal wants to take what's becomin' to her.

The way that some gals dress they either ketch cold or a husband.

Some wives are real expensive, it's hair today and gown tomorrow.

First Subway Parking Garage Opens Here

EDMONTON (BUP)—The first underground public parking garage in Canada is open for business in Edmonton.

The new garage was officially opened Friday by Mayor William Hawrelak who said it was a project much in demand and he hoped that more will be built.

The garage, located off Jasper Ave. east of the Macdonald Hotel, includes a service station and space for 150 cars, while the surface parking, expected to be opened next week, will park 65 to 70 cars.

Top Defence Men Confer In Ontario

EDMONTON (BUP).—Ten top civil defense officials from Alberta are attending a coordinators and training officers conference which started today at Arnprior, Ont.

The course at the Canadian Civil Defense College will run until Feb. 18.

The Alberta representatives are: Lieut.-Col. A. J. Lebois, Assistant Alberta Civil Defense Coordinator; Alfred Peart, Senior Administration Officer at Civil Defense Headquarters in Edmonton; F. G. Jamieson, Commandant of the Alberta Civil Defense School; Lieut.-Commander Hugh D. Davidson, Civil Defense Director for Edmonton; Geoffrey O. Bell, Civil Director for Calgary; Major D. A. Petrie, Deputy Director of Civil Defense for Edmonton; Peter Fearnough, Camrose Civil Defense Director; monies.

Van Kotscherofski, Civil Defense Director for the Municipal District of Stony Plain; W. A. Shields, Civil Defense Director for Wetaskiwin County; and John J. Dewall, Chief Civil Defense Instructor in Calgary.

Aviation Industry To Honor Minister

LETHBRIDGE (BUP)—Trade Minister C. D. Howe will be honored by the Canadian Aviation Industry at ceremonies to be held in Lethbridge July 30.

Sponsors to the dinner to be given for the veteran cabinet minister say they expect about 500 leaders in Canadian aviation and Alberta community affairs to be on hand.

Prime Minister Louis St. Laurent has also been invited for the ceremonies. Arrangements are being made for an air show at Kenyon Field, in Lethbridge, for the afternoon of the day the dinner is tendered to Howe.

On the preceding day, Howe will be made an honorary chief of the Blood Indian Tribe of the Blackfoot Confederacy. This will entitle him to membership in the Kainai, a group of honorary chiefs limited to 35 living members.

The prime minister has been invited to accept a similar honor.

The dinner will be sponsored by the Canadian Aviation Industry, the Lethbridge Chamber of Commerce and the Lethbridge Flying Club.

The immediate past president of the Royal Canadian Flying Club Association, E. R. McFarland, will be the chairman of the two ceremonies.

BOYLE ELECTRIC OWNER CONSIDERS MOVING TO UNITED STATES

Carl Shavoley, operator of the Boyle Power Plant for over 15 years, is now considering moving to the United States. Mr. Shavoley's son, Napoleon, left for Lowdi, Calif., to take a television technician's course. Plans for the father joining Napoleon in California are tentative, depending upon business opportunities there. There is a strong possibility that both may return to Boyle and open a television and electrical supplies shop here.

Mr. Shavoley started supplying power to Boyle in 1939 when he purchased the 7½ k.w. Petters power plant operated by Carl Hermeta and Jack Evens. At this time power was being supplied to the town at night only. Within 10 days after purchasing the plant, Mr. Shavoley began making changes. The first acquisition was a 25 k.w. Fairbanks-Morse. This was changed in 1945 to two generating units, a D.4 and D.6 Cater-

pillar. In 1949 Mr. Shavoley put electric power on a 24-hour basis with the installation of 315 and 318 Caterpillar generating units. These were purchased by Calgary Power on Sept. 6, 1954. Mr. Shavoley has continued to operate the plant until this week when the town lines were energized from the main lines.

In an interview with Mr. Shavoley, he stated: "I am very thankful to my customers who have always been very faithful and co-operative. It has always been my objective to give the best possible service."

Dress For The Occasion

Have you ever attended an event where you felt ill at ease because of being improperly dressed? If not you should have.

Consider the design, color, and fabric of garment to produce a pleasing effect. Here are a few hints to help you:

1. Don't wear two different plaids. They are too hard on the eyes.

2. Don't wear three bright colors together, such as a red skirt with a rose blouse and a yellow hat.

3. Don't wear a nylon skirt if you are going to wear socks and loafers with a sports jacket.

4. Don't wear high heels with slacks and a nylon blouse to a party or anywhere.

Sheer blouses are out of the question when it comes to the weather we now have. Wear something opaque and heavier.

Slacks or jeans should not be worn to dances as some girls usually do. Party dresses are out of line when you wear them to the office. Save it for the evening, not if you're going, curling though.

Select your clothes smartly and you will be one of the well dressed girls in Teen Town.

Keyes Children To Attend Colinton School

The local board of the Colinton school district met with the ratepayers of the Keyes district to decide as to the feeling as to whether the school children should be conveyed by van to Athabasca school or whether they should continue to come to Colinton.

Mr. Parr, chairman of the Athabasca school division was present as well as a delegation consisting of R. Lewis and N. O. Jack representing the Colinton Board of Trade.

The Board of Trade was exceptionally interested in the question as removal of the van from this district would probably mean the reduction in size of the new school to be erected by one room. After much discussion a vote of the ratepayers affected was taken. With only one vote in favor of the van going to Athabasca, the meeting went on record in favor of Colinton.

NEW CALGARY POWER LINE TO SERVE WIDE AREA

The recently completed Calgary Power Co. Ltd. line will make electricity available to a wide area.

The new area extending from Thorhild to Boyle serves Abee, Boyle and Newbrook in addition to a farming area ranging from six to seven miles on either side of the main line. Also included in this new service is the hamlet of Ellscoff. A temporary plant was installed until Feb. 9 when the lines were energized from the main transmission line.

The main supply line from Thorhild has a voltage of 22,000 but was built to carry a voltage of 66,000. This high voltage line was completed with an eye to the future. When the Redwater-Thorhild portion is rebuilt to carry the higher voltage there will be no necessity of causing any inconvenience to consumers in the Boyle area through the changing of lines.

The new line serving the ABNT Rural Electrification Association serves 127 farms in the Newbrook-Abee area. This main line can be used as the backbone of additional farm electrification systems in the Boyle area. Lines were constructed under the foremanship of A. Grandbois, who was working in conjunction with Calgary Power Engineer A. Amundsen. Equipment used in the erection of the lines were two ¾-ton trucks, one 3-ton wire truck and a D-4 Caterpillar digging machine. A regular crew of 11 men handled the major portion of the work, but for operations near Boyle an additional eight local men were employed to assist in digging and tamping holes.

Man, Woman Wounded In Double Stabbing

An elderly Edmonton couple were in satisfactory condition in hospital with multiple stab wounds Tuesday after what police described as an attempted murder and attempted suicide in a downtown basement suite.

Tynko Iwanicha, a 70-year-old pensioner, and Mrs. Mary Skilnik, 56, were discovered as they lay bleeding on the floor of the suite about mid-day Tuesday by the landlord of the rooming house who notified police of hearing a woman scream and glass being shattered. Iwanicha suffered wounds in his neck and abdomen and the woman was wounded in the chest and abdomen.

Two Little Sparks

EDMONTON (BUP) — It has been said: "There is honor amongst thieves." The same, however, apparently doesn't apply to arsonists, especially when they're four-year-old.

Police in Edmonton questioned two suspects following a garage fire, and became involved in a discussion. The suspects blamed each other for the fire, but police made no arrests, as the suspects were both only four-year-old.

Examination Delays Shooting Inquest

LLOYDMINSTER, Alta. (BUP). —An inquest into the death of two young children, shot by their father at Streamstown, Alta., has been adjourned.

The inquest opened at Streamstown last night and adjourned sine die (to be resumed). The pathologist's examination is the only factor reported to be holding up the case.

Chester Roy Mattson, 28-year-old father of the children, shot his girl Christine, aged 2, and his boy, about 9 months old, and then shot himself three times, twice in the chest and once in the head.

Mattson is now lying in Lloydminster hospital, 10 miles northwest of Streamstown, under police guard. His condition is reported to be improving.

Meanwhile, Mrs. Mattson, mother of the children, was brought into Lloydminster and told of her children's death. She is now in hospital here, suffering from nervous prostration.

The shooting was discovered Thursday by a section crew headed by Steve Saykewich. They visited the Mattson quarters when Mattson, a CPR agent at Streamstown, failed to show up for work. The bodies were found in their cribs, while the father was found on the ground floor of the house.
